

North West Private Hospital

Lactation Clinic

Promoting, protecting,
supporting
breastfeeding.

Breastfeeding support, whether you delivered at North West Private or another obstetric facility, public or private will be provided by International Board Certified Lactation Consultants – IBCLCs.

Holistic support across all aspects of breastfeeding including:

- Establishing feeding
- Assistance with latch and positioning
- How to know your baby is getting enough breastmilk
- What to expect as your baby gets older

Appointment-based fee-for-service clinic, which may be covered by Medicare, your health fund or incur an out of pocket payment. Learn more at northwestprivatehospital.com.au/Maternity/After-birth-Support

To register your interest, please email Hello.NWB@ramsayhealth.com.au including reference 'Lactation Clinic', your name and phone number, baby's date of birth, place where you delivered, and your current concerns.
